

Rain is recruiting parents to become a part of our committee. We are in need of parents from all of our district 96 schools. You can help with one event or become a regular “board” member of our committee. You don’t need to have a child with special needs, just a desire to include ALL people in our community. Check out our mission statement and information on our web site www.rainetwork.weebly.com.

Our next Committee meeting is **October 4th (Tuesday) at 7pm in Hauser’s** Library. All are welcome.

The agenda:

1. Review September’s parent meeting (Lesson’s learned).
2. Plan PR for October’s meeting and assign snacks.
3. Discuss November’s big meeting and getting the word out.
4. Discuss conversation with Meg O’Brien and our collaborative event.
5. Decide on how often the committee needs to meet, how often we want to have educational opportunities.
6. Plan an event for the teachers coming soon.

Our next Educational Meeting (Held the third Wednesday of the month) will be **October 19th at 7pm at Riverside Library** in the basement.

Paul O’Malley of LADSE will discuss Behavior issues in our Children! Something we can all relate with.
